

Hope and Encouragement . . .

What a Wonderful Way to Share Your Blessings this Holiday Season!

Dear friend who cares about Children,

You give hope and encouragement! I am excited to share with you that Richard, Ray and Romas have graduated from college and have bright futures ahead of them.

Through your generous giving, Westview boys take advantage of farm and ranch programs. Rural life offers early mornings, animal projects, learning responsibility, and developing a strong work ethic.

As an adult, you know it takes work to follow a task to a successful completion. I am sure we can all think of a **"Special Person"** in our life that helped support and guide us when we were a child.

Will you be that "Special Person" this Holiday Season who will help Westview boys?

Your gift to Westview Foundation directly benefits the boys at Westview. The Westview Foundation helps fund the boys' livestock projects, farm/ranch improvements, and higher education.

Later, when boys thank us for helping them turn their lives around, we know the thanks are also for you, our friends, who have aided in providing them a loving home and education. We are thankful and greatly appreciate you!

I am asking for your help.

Please complete the reply slip and mail it to me today . . . in the postage paid envelope I am enclosing for you. Your value to boys' lives, cannot be measured. Know that your gift changes lives.

For the Children,

Roy Pinnick, President

Wishing you the Happiest of Holidays!

P.S. Your willingness to help boys like Richard, Ray, and Romas, to raise a show animal and be offered an opportunity for higher education, is crucial. Education costs keep rising for the boys who plan to attend college/trade school. Please make your donation right now that directly benefits the Westview boys. Thank you!

Livestock Projects Are Important to Boys!
